RADx-UP Training & Services Menu

Our dynamic trainings and services are designed to meet the community engagement needs of the Coordination & Data Collection Center (CDCC) and RADx-UP funded projects. For inquiries, submit a training or support request.

OFFICE HOURS CONSULTATIVE SERVICE

Office Hours are a responsive and accessible consultation service designed to support the community engagement needs of the CDCC Engagement Impact Teams (EITs) and RADx-UP projects. Office Hours provide an intimate space for EITs, project staff, and community partners to work together with CCPH staff to explore questions and concerns related to increasing uptake of COVID-19 testing and maximizing community impact.

SCHEDULING

Office Hours are held weekly:
- Mondays 3-4pm EST
- Fridays 11-12pm EST

To reserve a session, complete the Office Hours form in Asana.
TRAININGS

AUTHENTIC PARTNERSHIPS

This training is recommended for groups new to community-institution partnerships whose work is geared toward health equity and social justice.

OBJECTIVES

- To understand CCPH's model for Authentic Partnerships;
- To learn ways to apply CCPH's Principles of Partnership in your work;
- To evaluate your partnership processes and solidify equitable, sustainable practices.
FUNDAMENTALS OF COMMUNITY ENGAGEMENT

This 3-part training series is designed to provide an introduction to the fundamentals of community engagement to researchers, program staff, and partners. Those who are new to community engagement work will come away with an understanding of the Community Engagement Continuum, models of community engagement, tools for assessing levels of engagement, and best practices for strengthening equitable community partnerships.

OBJECTIVES

- To explore the concept of community;
- To understand and discuss frameworks for community engagement;
- To develop skills in trust-building and forming authentic partnerships;
- To understand tools and best practices for assessing and strengthening community engagement in your partnerships.

## COMMUNITY PARTNER RESEARCH LEADERSHIP TRAINING

Designed with Community Partners in mind, this series provides comprehensive and accessible resources and training on the elements of research, from ideas to implementation. This training can be tailored to different levels of experience, from foundations for new research partnerships to more in-depth exercises for experienced community leaders looking to take their research partnership to the next level.

SELECTED TOPICS

- Covering the Basics of Developing Community-Institutional Research Partnerships & Conducting CBPR: What Community Partners Need to Know
- Building Blocks for Research Readiness: Protecting Your Community from Research Harms and Ensuring Research is Community-Engaged
- Moving from Program Coordinator to Co-Investigator/Principal Investigator
- Formulating Your Own Research Agendas and Research Questions
- Bringing Research to Life Through Storytelling
- Moving from Knowledge to Action: Using Research to Change Policy and Practice

PRINCIPLES OF COMMUNITY-BASED PARTICIPATORY RESEARCH (CBPR)

This training builds off of the highly recommended CBPR Curriculum, developed by CCPH and our partners, for community-institutional partnerships that are using or planning to use a CBPR approach to improving health.

OBJECTIVES

- To understand how CBPR methodology is used from design to dissemination;
- To learn skill for applying CBPR principles to the building of ethical, equitable partnerships.

STRUCTURAL RACISM INTENSIVE

This training is designed to provide individuals, communities, and institutions with a historic understanding of structural racism and inequality along with skills needed to work in partnerships to address these issues. CCPH can deliver this training as a 2-day intensive or webinar series.

OBJECTIVES

- To understand and develop a systems-approach to addressing structural racism and inequalities;
- To discuss real life examples of how to address structural racism using tools of the Community-Based Participatory Research and Community Action Strategies;
- To assess the role of authentic partnerships in dismantling structural racism.
